BACross fill Spare parts guide

BACross fill

The patented BACross fill is designed and tested in the BAC laboratories.

Benefits

- guaranteed performance
- easy core inspection
- reduced fouling
- perfect fit: model specific size
- optimal absorbed fanpower (kW)

Characteristics

- BAC patented design with maximum air and water contact
- integrated eliminators (Eurovent certified)
- self-extinguishing PVC material, impervious to rot and biological attack
- for temperatures up to 50°C

We use BACross fill in:

- <u>TXV</u>
- <u>FXT</u>
- S3000 (previous generation), upgrade your S3000 and use VersaCross fill
- FXV cooler
- CXV condenser

Try our <u>BACross fill bundles</u> for easy dismantling and cleaning.
